Have an adult help you with the following steps:

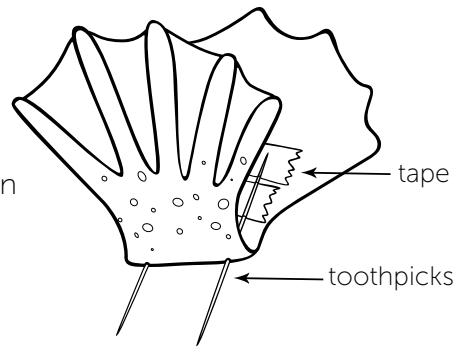

1. Use markers, crayons, or colored pencils to color in Dunk's tail and fins on pages 1 and 2!

3. Have an adult help you stick two toothpicks through the middle dotted line, and then tape the toothpicks down to the paper.

4. Tape or glue both sides of the fins and tail together, over the toothpicks.

5. Have an adult help you stick the toothpicks into the pumpkin, with the fins on either side of the pumpkin and the tail in back!

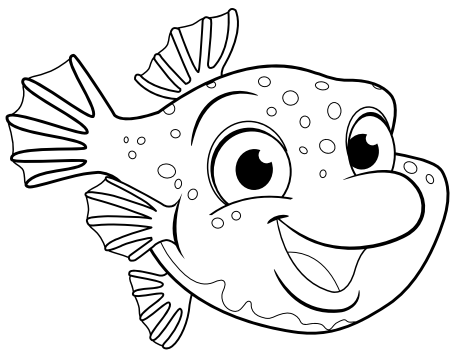

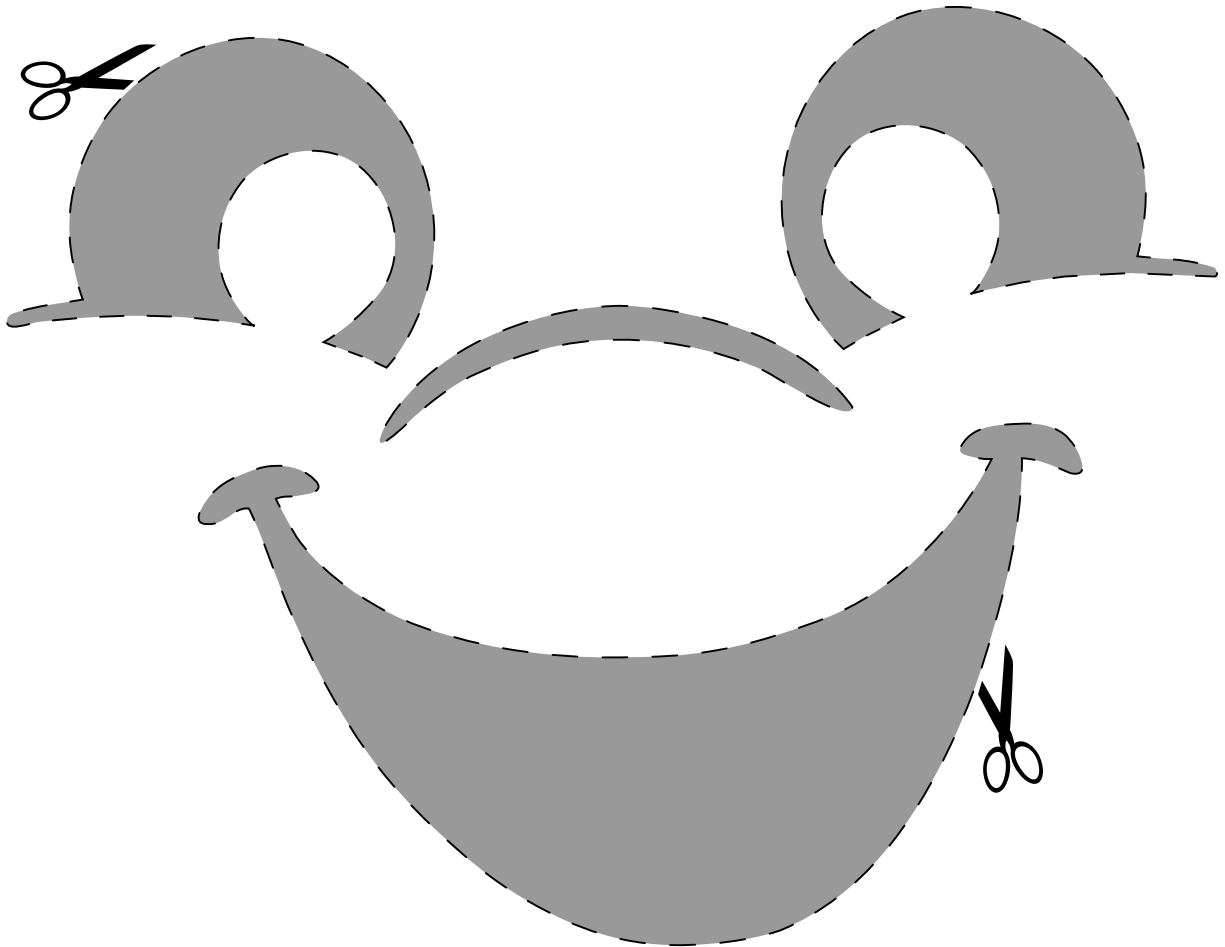

6. Have an adult cut out along the dashed lines on the edge of Dunk's face (below) to create a stencil.

7. Tape the stencil to the front of your pumpkin and paint over it with whatever colors you choose. Once the paint is dry, carefully remove the stencil to see Dunk's face!

8. Paint dots on the top of your pumpkin to match Dunk's spots, and you're finished!

You did it! Catch a current with your new Dunk pumpkin to celebrate with Splash, Bubbles, Ripple, and the rest of your Reeftown buddies.
